

## ARPPIS-DAAD PhD scholarships for study at *icipe*, Kenya

### Three-year doctoral training in insect sciences for development

**Deadline for applications: 12<sup>TH</sup> February 2017**

The International Centre of Insect Physiology and Ecology (*icipe*), Kenya, in partnership with the German Academic Exchange Service (DAAD<sup>1</sup>) In-Country/In-Region Scholarships Programme and African university partners, invites applications from suitably qualified candidates for PhD scholarships in the African Regional Postgraduate Programme in Insect Sciences (ARPPIS).

*icipe* ([www.icipe.org](http://www.icipe.org)) is an international scientific research institute, headquartered in Nairobi, Kenya that works towards improving lives and livelihoods of people in Africa. The centre's primary objective is to research and develop alternative and environmentally-friendly pest and vector management strategies that are effective, selective, non-polluting, non-resistance inducing, and which are affordable to resource-limited rural and urban communities. *icipe's* mandate extends to the conservation and use of the abundant insect biodiversity found in Africa. *icipe* is the only international centre in sub-Saharan Africa working primarily on arthropods. *icipe* works in a holistic and integrated approach through a 4-H paradigm - Human, Animal, Plant and Environmental Health - with the aim of improving the overall health of communities in tropical Africa by addressing the interlinked problems of poverty, poor health, low agricultural productivity and degradation of the environment.

### ARPPIS

The primary objective of ARPPIS is to prepare young researchers from Africa to compete in an internationally competitive research environment within national, regional and international research programmes. At *icipe* ARPPIS scholars are provided with excellent research facilities in an interdisciplinary environment within a structured, three-year PhD programme that includes research, training, developing research partnerships, and scientific meetings and international conferences. Scholars conduct their innovative research at *icipe's* laboratories and at field sites located in various agro-ecological zones.

- **Twelve** ARPPIS-DAAD PhD scholarships are available to nationals of sub-Saharan countries.
- The scholarships cover all costs of the PhD programme, including travel, living expenses, medical insurance, university fees and all research and training costs.
- Successful candidates will carry out their research in selected projects at *icipe*.
- **Thirteen Eligible PhD Projects** are available. For more information go to: [list of projects](#)
- Successful candidates will develop a full proposal and register with an ARPPIS partner university in Africa *after* they start the PhD programme at *icipe*.
- The ARPPIS PhD programme will commence from September 2017.

## Eligibility criteria

- A national of a country in sub-Saharan Africa.
- A Bachelor's degree with a minimum pass of second-class, upper division.
- A Master's degree taken with both coursework and research in the field of natural sciences or other field relevant to the PhD project.
- The Master's degree must have been completed less than six years ago at the time of application.
- Qualified female candidates and candidates from less privileged regions or groups as well as candidates with disabilities are especially encouraged to apply.
- Qualified nationals of French- and Portuguese-speaking countries in Africa are also encouraged to apply.
- Preference will be given to applicants with a maximum age of 36 years (men) or 40 years (women) by 31<sup>st</sup> December 2017.
- Additional specific entrance requirements will be considered for admission depending on the eligible PhD project(s) selected by the candidate. For information on applicant requirements for each project go to: [list of projects](#)
- A working knowledge of English (written & spoken).
- Completed application forms and accompanying supporting documents. Note: please start the application process as soon as possible, especially if some of the supporting documents are difficult to obtain.
